Available in gallons or drums

This is strictly a guide.

Always consult your vehicle manufacturer's owner's manual to determine the specific maintenance and change over intervals recommended for your vehicle.

Provides extended life protection for up to 150,000 miles or 5 years when added to any extended life antifreeze/coolant.

UNDER THE MAGNUSON MOSS WARRANTY IMPROVEMENT ACT:

A manufacturer may not condition a warranty on using a specific product identified by brand, unless the product is provided to the consumer free of charge, or by special waiver from the Federal Trade Commission after the manufacturer has proven that the vehicle engine will not function properly without the use of the specified brand or product.
