# Important Notes of Reference

- The catalog references Service Pro *All Weather* wiper blades (SPM part numbers), Service Pro *Beam Blades* (SPBB part numbers) **AND the new Service Pro *Beam Blades* (SPBC part numbers)**.
- *Storm King* wiper blades and Service Pro *Winter Blades* follow the *All Weather* wiper blade recommendation (SPM part numbers).
- The Winter Blade product range is limited, so when an application calls for a non-existent SKU, it is our recommendation to downsize rather than upsize.
- Service Pro Beam Blades can be used as an upgrade over All Weather wiper blades when both part numbers are listed.
- All SPBB-series Beam Blades adapters are included in the packages as needed, except for the C adapters (SPB-C2). The C adapter is sold separately.

- All SPBB-series Beam Blade adapters are also available separately and can be ordered through your local AIOD Distributor.
- All new SPBC-series Beam Blades include two adapters in the package. These two adapters cover all applications as SPBB-series adapters G, B, D and H. At this time there is no adapter for SPBC-series blades to cover applications covered by the C adapter.
- For use with SPBC-series blades only, SPB-OE2 clip for newer Audi, Porsche and VW applications is not included in the package with the wiper blade. It is available for purchase separately.

# Rear Plastic Wiper Worries?

**Rear plastic wipers have installers worried lately. The competition is offering limited replacement blade coverage requiring 8 to 22 additional part numbers... This has the average repair facility wondering:**

- **How many numbers do I need?**
- **What is the real demand of these blades?**
- **Will my inventory turn quickly?**
- **Where will I stock all of the extra blades?**
- **What is all of this inventory going to cost me?**

**Instead..**

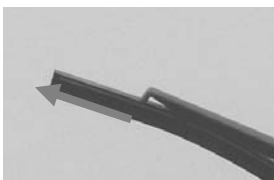

**Think out of our "Box" !**

**Stock only ONE box of universal refills for 100% rear plastic blade coverage!!!**

**Why replace the entire blade when most dealerships only install the refill? ... It is as easy as 1 – 2 – 3**

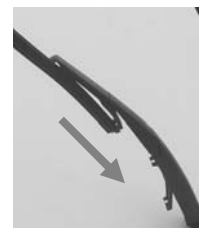

**1. Remove refill from blade**

**2. Cut Universal Refill the same length as the OE**

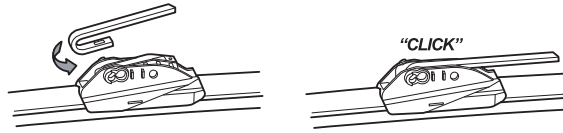

**3. Install Universal Refill in frame**

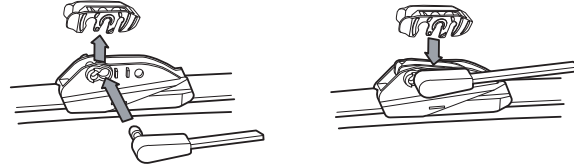

**Part Number: SPR-24 20 Universal Refills in one box**
